SUBJECT: Negotiations

1. We are continuing the planning work on post-crisis negotiations which was begun last week, working with the EUR-ACDA-G/PX-KG group that had been previously assembled.

2. We will concentrate on the items listed in our October 27 paper on "Negotiations", with a view to elaborating both on possibilities for business that could be done quickly in a high level negotiation, and on the general guidelines that should govern our approach to these items. In the light of a discussion today within this group, the list of potential subjects has been extended.
